

Holllla readers.

So for this week's bla-bla blog on my Fant-Aa-Bu-luscious Blog, I'm going to talk about an experience I had this week. So I was downtown shopping in the mall, annnd on my way back to my apartment, my phone beep-talked to me and said that I should go in a new way. It ended up taking me into this giant department store for books, but they were all on 120% Clearance, because they were all free. |
